

Majors and Minors

The College of Agricultural and Environmental Sciences (CA&ES) has an international research reputation with outstanding academics and a diverse, active student community. The college houses 28 majors and 41 minors, plus an exploratory/undeclared option, in the fields of agriculture, environment, human needs and social sciences. Many students are unsure about their major choice when they arrive on campus, and we are here to help guide you.

MAJORS

Agricultural and Environmental Education
Animal Biology
Animal Science
Animal Science and Management
Atmospheric Science
Biotechnology
Clinical Nutrition
Community and Regional Development
Ecological Management and Restoration
Entomology

Environmental Horticulture and Urban Forestry
Environmental Policy Analysis and Planning
Environmental Science and Management
Environmental Toxicology
Food Science
Global Disease Biology
Human Development
Hydrology
International Agricultural Development

Landscape Architecture
Managerial Economics
Marine and Coastal Science
Nutrition Science
Plant Sciences
Sustainable Agriculture and Food Systems
Sustainable Environmental Design
Viticulture and Enology
Wildlife, Fish and Conservation Biology
Undeclared/Exploratory Program

MINORS

Aging and Adult Development
Agricultural Pest Management
Agricultural Systems and Environment
Animal Science—Animal Biology
Animal Science—Animal Genetics
Animal Science—Aquaculture
Animal Science—Dairy/Livestock
Animal Science—Equine
Applied Computing and Information Systems
Atmospheric Science
Avian Sciences
Climate Science and Policy
Community Development
Community Nutrition

Contemporary Leadership
Environmental Horticulture
Environmental Policy Analysis and Planning
Environmental Toxicology
Food Service Management
Forensic Entomology
Fungal Biology and Ecology
Geographic Information Systems
Geographic Studies
Global Disease Biology
Human Development
Hydrology
Insect Biology

Insect Ecology and Evolution
International Agricultural Development
International Science Studies
Landscape Restoration
Managerial Economics
Medical—Veterinary Entomology
Nematology
Nutrition and Food
Nutrition Science
Precision Agriculture
Science and Society
Soil Science
Watershed Science
Wildlife, Fish and Conservation Biology

Agricultural and Environmental Education

Gain a foundation in agricultural and environmental sciences, as well as educational theory and practice, by attaining skills in teaching, communications and outreach.

Careers:

- Academic advisor/counselor
- Agriculture curriculum writer
- Agricultural extension educator
- Community organizer/advocate
- Environmental science educator
- High school agricultural education teacher
- Museum educator/docent/outdoor education specialist
- Writer/journalist
- Youth development educator
- After school agriculture program coordinator

Specializations:

- Agricultural Business and Economics
- Animal Science
- Applied Biological Systems Technology
- Environmental Horticulture
- Environmental Science and Natural Resources
- Plant and Soil Science

Contact Information:

1202 Meyer Hall
530-754-7915
asac@ucdavis.edu
animalscience.ucdavis.edu

Animal Biology

Use the process and principles of science, contemporary thinking in biology and a team approach to solve problems of a biological nature.

Careers:

- Environmental impact specialist
- Epidemiologist
- Fisheries/wildlife biologist
- Agricultural extension educator
- Community organizer/advocate
- Environmental science educator
- High school agricultural education teacher
- Museum educator/docent/outdoor education specialist
- Writer/journalist
- Youth development educator
- After school agriculture program coordinator

Contact Information:

160 Hutchison Hall
530-754-7277
abi-advising@ucdavis.edu
abi.ucdavis.edu

Animal Science

Learn about the biology, management and utilization of domestic and captive animals by focusing on modern, efficient and humane ways to make the best use and care of the animals people encounter on a daily basis.

Careers:

- Animal caretaker/zookeeper
- Animal nutritionist
- Aquaculturist
- Farmer/rancher
- Physician/health professions
- Professor (university/college)
- Research scientist
- Teacher/educator
- Veterinarian
- Zookeeper/zoo manager

Contact Information:

160 Hutchison Hall
530-754-7277
abi-advising@ucdavis.edu
abi.ucdavis.edu

Contact Information:

1202 Meyer Hall
530-754-7915
asac@ucdavis.edu
animalscience.ucdavis.edu

Animal Science and Management

Incorporate marketing, economics and accounting skills into businesses and careers working with animals and related agricultural industries.

Careers:

- Agriculture commodity analyst
- Animal health/veterinarian
- Farmer/rancher
- Feed/pet store manager
- Livestock production manager
- Marketing specialist
- Owner/operator—animal-based businesses
- Pet food manufacturing
- Pharmaceutical sales/consulting
- Small animal facility manager

Specializations:

- Aquatic Animals
- Companion Animals
- Dairy
- Equine
- Livestock
- Poultry
- Individualized

Contact Information:

1202 Meyer Hall
530-754-7915
asac@ucdavis.edu
animalscience.ucdavis.edu

Atmospheric Science

Discover how humans and ecosystems interact with weather, climate and air quality. Gain a predictive understanding of the atmosphere to guide decisions about Earth's most important natural resource—the air we breathe.

Careers:

- Air quality specialist/scientist
- Atmospheric chemist
- Atmospheric science researcher
- Broadcast meteorologist
- Climate scientist
- Educator
- Environmental scientist
- Meteorologist
- Renewable energy consultant
- Weather forecaster

Contact Information:

1150 Plant and Environmental Sciences Building
530-752-1603
lawr@ucdavis.edu
lawr.ucdavis.edu

Biotechnology

Focus on the mechanics of life processes and their applications to improve human and animal health, food safety, energy production and environmental quality. This multidisciplinary field has an impact on almost every aspect of modern human life.

Careers:

- Biofuel specialist
- Bioinformatics
- Biomedical engineer
- Broadcast meteorologist
- Climate scientist
- Educator
- Environmental scientist
- Genetic counselor
- Microbiologist
- Molecular biologist
- Pharmacist
- Physician
- Plant breeder

Specializations:

- Animal Biotechnology
- Bioinformatics
- Fermentation/Microbiology
- Plant Biotechnology

Contact Information:

1220 Plant and Environmental Sciences Building
530-752-1715
biotechmajor.ucdavis.edu

Clinical Nutrition

Apply principles of nutrition to guide people to eat healthier diets by means of therapy, education and research in hospitals, schools or communities. Fully accredited.

Careers:

- Dietetic technician
- Educator
- Food and drug investigator
- Food safety specialist
- Food service director
- Health and wellness educator
- Nurse
- Nutritionist
- Nutrition policy analyst
- Registered dietitian

Contact Information:

3202 Meyer Hall
530-752-2512
nutritionadvising@ucdavis.edu
nutrition.ucdavis.edu

Community and Regional Development

Build skills to manage communities and understand and shape economic and sociocultural forces transforming organizations.

Careers:

- Attorney
- Community development coordinator
- Community organizer and advocate
- Economic development analyst
- Human resource manager
- Nonprofit administrator
- Public interest advocate
- Social entrepreneur
- Social worker
- Urban and/or regional planner

Specializations:

- Global Communities
- Organization and Management
- Policy, Planning and Social Services

Contact Information:

1303 Hart Hall
530-752-2244
humanecology.ucdavis.edu

Food science students give olive harvesting a try at campus research groves.

Ecological Management and Restoration

Manage and restore wild and rangeland plant communities by gaining an understanding of how natural and managed ecosystems function and interact and connect with human society.

Careers:

- Environmental restoration practitioner
- Environmental scientist
- Farm/rangeland manager
- Natural resource manager
- Natural resources conservation specialist
- Naturalist/outdoor education specialist
- Parks or forest botanist
- Rangeland ecologist
- Reserve manager
- Restoration ecologist

Contact Information:

1220 Plant and Environmental Sciences Building
530-752-9770
plantsciences.ucdavis.edu

Entomology

Gain an understanding of insects and their diversity, while focusing on the importance of insects to science, the economy, environment and public health.

Careers:

- Agricultural inspector
- Apiculturist (beekeeper)
- Biosecurity
- Educator
- Forensic scientist
- Insect biologist
- Integrated pest management consultant
- Medical/veterinary entomologist
- Museum curator
- Pest control advisor

Contact Information:

150 and 152 Hutchison Hall
530-754-7277
entomology.ucdavis.edu

Environmental Horticulture and Urban Forestry

Improve the environment and quality of life through floriculture, urban forestry and landscape restoration. Also gain an understanding of plant production, management and biology.

Careers:

- Botanical garden manager
- Certified arborist
- City forester/urban forester
- Greenhouse/nursery manager
- Irrigation engineer
- Landscape contractor
- Native plant propagator
- Restoration practitioner
- Revegetation consultant
- Seed producer

Specializations:

- Floriculture/Nursery
- Urban Landscape Management
- Plant Biodiversity/Restoration

Contact Information:

1220 Plant and Environmental Sciences Building
530-752-9770
plantsciences.ucdavis.edu

Environmental Policy Analysis and Planning

Cultivate skills in evaluating environmental policy, transportation and planning, and natural resource management. Develop a deep understanding of the legal, economic, political and scientific issues involved in policymaking.

Careers:

- Air pollution analyst
- Energy policy specialist
- Environmental advocacy
- Environmental attorney
- Legislative aid/legislator
- Natural resource analyst
- Transportation planner
- Urban and/or regional planner
- Water quality specialist
- Writer/journalist

Specializations:

- City and Regional Planning
- Climate Change Policy
- Conservation Management
- Energy and Transportation Planning
- Environmental Policy and Politics
- Integrative Policy
- Water Management

Contact Information:

2134 Wickson Hall
530-752-7183
desp.ucdavis.edu

Global Disease Biology

Recognize and solve disease-related challenges on a global scale by studying the health connections between people, animals, plants and the environment.

Careers:

- Disease prevention and control officer
- Epidemiologist
- Food safety specialist
- Genetic counselor
- Government health regulator
- Healthcare professional
- Plant pathologist
- Public health expert
- Veterinarian
- World Health Organization associate

Contact Information:

150 Hutchison Hall
530-754-4131
gdb-advise@ucdavis.edu
gdb.ucdavis.edu

Environmental Science and Management

Gain an understanding of the natural science behind environmental problems and how science impacts environmental decision-making.

Careers:

- Atmospheric scientist
- Conservation biologist
- Ecologist
- Environmental attorney
- Environmental chemist
- Environmental compliance analyst
- Environmental consultant
- Geographic Information Systems analyst
- Natural resource manager
- Soil scientist
- Watershed manager

Specializations:

- Climate Change and Air Quality
- Ecology, Biodiversity, and Conservation
- Geospatial Information Science
- Natural Resource Management
- Soils and Biogeochemistry
- Watershed Science

Contact Information:

2134 Wickson Hall
530-752-7183
desp.ucdavis.edu
or
1150 Plant and Environmental Sciences Building
530-752-1603
lawr.ucdavis.edu

Environmental Toxicology

Learn about environmental toxins, their environmental fate and their impact on humans and other species. Understand how the use of environmental toxins is regulated and monitored.

Careers:

- Biohazard specialist
- Environmental attorney
- Environmental chemist
- Environmental impact specialist
- Geographic Information Systems analyst
- Natural resource manager
- Soil scientist
- Watershed manager

Specializations:

- Ecotoxicology and Environmental Chemistry
- Forensic Science and Regulatory Toxicology
- Geospatial Information Science
- Natural Resource Management
- Soils and Biogeochemistry
- Watershed Science

Contact Information:

4111 Meyer Hall
530-752-1042
etox.ucdavis.edu

Food Science

Explore innovative approaches to grow, process, package, store and distribute food while building skills to improve the convenience, nutrition, safety, stability, sustainability, taste and value of foods. Institute of Food Technologists (IFT) approved program.

Careers:

- Brewmaster
- Chemist
- Food production/supply chain manager
- Food safety specialist
- Microbiologist
- Physician
- Process development engineer
- Product development scientist
- Quality assurance specialist
- Sales/purchasing representative
- Sensory scientist

Specializations:

- Brewing Science

Contact Information:

1204 Robert Mondavi Institute—South Building
530-752-3250
bftadvising@ucdavis.edu
foodscience.ucdavis.edu

Environmental science students learn about tidal habitats on a field trip to Suisun Marsh.

Human Development

Understand interactions among biological, psychological, social and contextual processes in humans throughout the life cycle.

Careers:

- Child care director
- Community health educator
- Counselor/psychologist
- Human resources director
- Humanitarian services
- K-12 teacher (with certification)
- Nurse
- Physical therapist
- Physician
- Social worker

Contact Information:

1303 Hart Hall
530-752-2244
humanecology.ucdavis.edu

Hydrology

Study the occurrence, distribution and composition of water. Build skills to sustainably manage water quantity and quality.

Careers:

- Hydrologist
- Environmental scientist
- Environmental consultant
- Hydrogeologist
- Limnologist
- Wastewater treatment planner
- Water hygiene engineer
- Water policy analyst
- Water quality specialist
- Water resources engineer

Contact Information:

1150 Plant and Environmental Sciences Building
530-752-1603
lawradvising@ucdavis.edu
lawr.ucdavis.edu

International Agricultural Development

Explore ways that culture, economics and technology affect agriculture and build the skills and knowledge to help produce and distribute food to the people of emerging economies.

Careers:

- Agribusiness manager
- Community organizer and advocate
- Corporate sustainability officer
- Economist
- Educator
- Farmer/rancher
- International aid worker
- International developer
- Pest management consultant
- Public interest advocate

Specializations:

- Agricultural Production
- Environmental Issues
- Rural Communities
- Trade and Economic Development

Contact Information:

1238 Plant and Environmental Sciences Building
530-752-4839
plantsciences.ucdavis.edu

Landscape Architecture

Design and plan landscapes and built environments that support desired ecological functions, integrate sustainable and regenerative technologies, and foster resilient, equitable and inclusive communities. Curriculum based on design studio work. Fully accredited.

Careers:

- Landscape architect
- Architect
- Environmental/restoration designer
- Forester
- Garden designer
- Interpretative landscape designer
- Landscape manager
- Park ranger/park manager
- Recreational facilities designer/planner
- Urban and/or regional planner

Contact Information:

135 Hunt Hall
530-754-8628
humanecology.ucdavis.edu

Managerial Economics

Gain a thorough grounding in economic theory and practical business applications. Cultivate skills in quantitative methods, problem-solving strategies, critical thinking and effective communication that lead to promising careers in the business industry.

Careers:

- Accountant
- Agribusiness manager
- Analyst
- Entrepreneur
- Environmental planner
- Financial services consultant
- International consultant
- Investment banker
- Marketing/sales manager
- Stock/commodity broker

Specializations:

- Agribusiness Economics
- Business Economics
- Environmental and Resources Economics
- International Business Economics

Contact Information:

1176 Social Sciences and Humanities
530-754-9536
manecon@primal.ucdavis.edu
manecon.ucdavis.edu

Marine and Coastal Science

Use foundational knowledge in marine sciences to understand the modern issues facing aquatic and coastal environments.

Careers:

- Aquaculture specialist
- Aquarium operations management
- Coastal geologist
- Ecotoxicologist
- Food scientist
- Laboratory staff researcher
- Nurse
- Nutrition policy analyst
- Pharmacist
- Physician
- Public health analyst

Specializations:

- Coastal Environmental Processes
- Marine Environmental Chemistry

Contact Information:

2119 Earth and Physical Sciences
530-752-2512
530-752-7094
mcs-advisers@ucdavis.edu
marinescience.ucdavis.edu
nutritionadvising@ucdavis.edu
nutrition.ucdavis.edu

Nutrition Science

Study food components, their biologic actions and how to promote healthy diets and impact nutrition policy and public health.

Careers:

- Community nutritionist
- Educator
- Food and drug investigator
- Food scientist
- Laboratory staff researcher
- Nurse
- Nutrition policy analyst
- Pharmacist
- Physician
- Public health analyst

Specializations:

- Nutritional Biology
- Nutrition in Public Health

Contact Information:

3202 Meyer Hall
530-752-2512
530-752-7094
nutritionadvising@ucdavis.edu
nutrition.ucdavis.edu

Plant Sciences

Learn how plants grow and develop in managed agricultural ecosystems and how plant products are utilized for food, fiber and environmental enhancement.

Careers:

- Agronomist
- Farm operations manager
- Farmer/rancher
- Horticulturist
- Pest control advisor
- Plant breeder
- Plant geneticist
- Postharvest technology manager
- Precision agriculture specialist
- Seed producer

Specializations:

- Crop Production
- Plant Breeding and Genetics
- Plant Sciences Individual Option
- Postharvest Biology and Technology

Contact Information:

1220 Plant and Environmental Sciences Building
530-752-1715
plantsciences.ucdavis.edu

Wildlife students track bluebirds in nest boxes along Putah Creek.

Sustainable Agriculture and Food Systems

Address the environmental, social and economic challenges and opportunities associated with agricultural and food systems sustainability.

Careers:

- Agriculture policy analyst
- Community organizer
- Educator
- Farmer/rancher
- Food systems management
- International development
- Organic crops grower
- Permaculture specialist
- Small farm consultant
- Sustainability coordinator

Specializations:

- Agriculture and Ecology
- Food and Society
- Economics and Policy

Contact Information:

1152 Plant and Environmental Sciences Building
530-752-1602
asi.ucdavis.edu

Sustainable Environmental Design

Apply critical thinking, problem-solving, leadership and design planning strategies to create more livable, equitable and ecologically sound communities.

Careers:

- Architect
- Community development coordinator
- Environmental designer
- Environmental educator
- Environmental policy analyst
- Landscape designer
- Real estate management
- Sustainability coordinator
- Transportation planner
- Urban and/or regional planner

Contact Information:

135 Hunt Hall
530-754-8628
humaneology.ucdavis.edu

Viticulture and Enology

Study biological and physical aspects involved with grape and wine production and gain hands-on experience with grape growing and winemaking practices.

Careers:

- Cellar manager
- Chemist
- Enologist/laboratory manager
- Marketing specialist
- Microbiologist
- Sales representative
- Sensory scientist
- Tasting room manager
- Vineyard manager
- Winemaker

Contact Information:

1204 Robert Mondavi Institute—South Building
530-752-3250
bftadvising@ucdavis.edu
wineserver.ucdavis.edu

Wildlife, Fish and Conservation Biology

Understand the relationships between the needs of wildlife, people and the environment and how these relationships are vital for the maintenance of ecological diversity, recreational resources and food supplies.

Careers:

- Aquaculture specialist
- Conservation biologist
- Educator
- Environmental attorney
- Fisheries biologist
- Forest/park ranger
- Marine biologist
- Veterinarian
- Wildlife rehabilitator
- Zoo biologist

UC Admission Requirements

admission.universityofcalifornia.edu

UC Davis offers a rigorous and rewarding academic environment, so make sure you meet or exceed the UC admission requirements to increase your chances for success in our college.

Apply

admission.universityofcalifornia.edu

The UC application for undergraduate admission and scholarships is available on August 1 and can be submitted November 1–30.

Financial Assistance

financialaid.ucdavis.edu

Financial aid options are available for students at all income levels. Explore how scholarships, grants, work-study and other forms of assistance can help you reach your academic goals.

Advising

caes.ucdavis.edu/students/advising

CA&ES offers an extensive network of support for undergraduate students. From before you are admitted to UC Davis until you graduate, you will receive advising by faculty, staff and peer advisors. We will help you find the right major, clarify your educational goals, manage your degree requirements and provide guidance with developing your schedule. We are here to connect you to various campus resources and encourage you in achieving your goals.

Internships

icc.ucdavis.edu

Many CA&ES students explore potential careers through internships both off campus and on. Our college offers opportunities for students to build on classroom learning in our animal facilities, greenhouses, laboratories and on the Student Farm. Our students also try out jobs in industry, in environmental endeavors and with community organizations. The UC Davis Internship and Career Center will help you get hands-on experience and find your career direction.

Viticulture and Enology majors study wines and vines at the Robert Mondavi Institute for Wine and Food Science.

Preparatory Subject Matter at a Glance

This chart shows how lower division preparatory courses overlap in many of our majors. You can also use this chart to assess which majors you may want to explore further based on your interest in certain subjects. Take some time to consult the General Catalog at [catalog.ucdavis.edu](#) and/or seek academic advising about your specific major and degree requirements.

If you are looking to transfer, use [assist.org](#) to find available lower division course work for the majors offered at your community college.

Successful completion of these lower division courses will help you begin your upper division course work upon transfer and significantly reduce time to degree. Contact an academic advisor at caesadvising@ucdavis.edu with any questions.

This chart does not include all preparatory subject matter. Consult the General Catalog for details regarding university, college and major requirements. [catalog.ucdavis.edu](#)
