

FIELD DAY

COLLEGE OF AGRICULTURAL AND ENVIRONMENTAL SCIENCES

UC DAVIS

Field Day 2021 - Code of Conduct

In accordance with the FFA Code of Ethics, the UC Davis Field Day organizers expect all contestants to conduct themselves at all times to be a credit to their organization, chapter, school, community and family. By participating in a Field Day contest, you are agreeing to the following expectations:

- **Dress neatly and appropriately for the occasion.** All contestants should be in professional attire. If you do not have the official FFA uniform, you may wear a white, collared, button-up shirt
 - Full uniform is expected for Leadership Development Events (Creed, Extemporaneous Speaking, Job Interview) and State Finals (Food Science & Technology.) Judges will score uniforms based on what is visible on the computer during the contest.
- **Demonstrate good sportsmanship and adhere to policies to promote academic honesty.** We are tabulating results and providing awards to high-teams and high-individuals. We are committed to ensuring academic honesty and fairness. To this end, all contestants are expected to:
 - Turn on their web-cam and be visible whenever directed to do so by the contest coordinators. Portions of contests will be taken in proctored break-out rooms and contestants must remain visible.
 - If a student disconnects from the internet and leaves the contest for more than 3 minutes, contest coordinators or proctors have the right to disqualify the student from award eligibility. In this case, the contestant would be permitted to finish the contest and receive a score, but they would not be eligible to receive an award.
- **Demonstrate professional behavior at all times.** Contest coordinators and breakout room proctors reserve the right to remove any contestant who is exhibiting inappropriate or disruptive behaviors. Any contestant removed from the contest for behavioral reasons will not be permitted to re-enter and will not be eligible for scoring or awards.

Sincerely,

The UC Davis Field Day Coordinators

Layne DeLorme & Anna Grulikowski
